2025.1 STEP Client Requirements

This document outlines the requirements for Windows and Mac clients working with Stibo Systems Enterprise Platform (STEP). It is our recommendation that customers use the latest version of any given supported version. And, while we strive to give advance notice before desupporting any version, there are times we must work with third-party support / desupport dates when considering compatibility.

Windows Client

Client Specification	Supported Software
Total System Memory	Min. 8 GB
Operating System	Windows 10 and 11
Storage	Minimum 5 GB free disk space for STEP Workbench installation, including client cache. Additional free storage required for usage of DTP applications.
Software ¹	<ul style="list-style-type: none"> STEP Workbench Client Adobe InDesign® CC 2024 latest update ^{2, 3} Adobe InDesign® CC 2023 latest update ^{2, 4} Browsers: Chrome, Firefox, and Edge ⁵ Microsoft Excel: Microsoft 365, Office 2021, Office 2019, Office 2016 (64-bit), 2013, 2010, and 2007

¹ Adobe InDesign® CC 2025 to be supported with the 2025.2 update.

² Client version must match the server major version.

³ Currently supported on Windows 10 64-bit versions 21H2, 22H2, and Windows 11 64-bit versions 21H2, 22H2.

⁴ Support for InDesign CC 2023 will end with the 2025.2 update. Currently supported on Windows 10 64-bit versions 20H2, 21H1, 21H2, and Windows 11 64-bit version 21H2.

⁵ The latest versions of the browsers shown are supported. Organizations should ensure that they are using the latest / most up-to-date browser version to have the best possible user experience. The term 'latest' is defined by the browser vendor. Check with browser vendors to determine the latest version available. Stibo Systems strives to test all new supported browser versions, and on very rare occasions, may need to provide special instructions if a browser update has backward compatibility issues.

Mac Client

Client Specification	Supported Software
Total System Memory	Min. 8 GB
Operating System	<ul style="list-style-type: none"> macOS 15 (Sequoia) macOS 14 (Sonoma) macOS 13 (Ventura)
Storage	<p>Minimum 5 GB free disk space for STEP Workbench installation, including client cache.</p> <p>Additional free storage required for usage of DTP applications.</p>
Software ¹	<ul style="list-style-type: none"> STEP Workbench Client Adobe InDesign® CC 2024 latest update ^{2, 3} Adobe InDesign® CC 2023 latest update ^{2, 4} Browsers: Firefox, Safari, and Chrome ⁵ Microsoft Excel: Microsoft 365, Office 2021, Office 2019

¹ Adobe InDesign® CC 2025 to be supported with the 2025.2 update.

² Client version must match the server major version.

³ Currently supported on macOS versions 13 and 14.

⁴ Support for InDesign CC 2023 will end with the 2025.2 update. Currently supported on macOS version 13.

⁵ The latest versions of the browsers shown are supported. Organizations should ensure that they are using the latest / most up-to-date browser version to have the best possible user experience. The term 'latest' is defined by the browser vendor. Check with browser vendors to determine the latest version available. Stibo Systems strives to test all new supported browser versions, and on very rare occasions, may need to provide special instructions if a browser update has backward compatibility issues.
